

**Hereby your task for the day.**

**Simple ODOP (One Day One Program) Project.**

## **Calculator App V1**

1. Design a simple calculator application that can perform basic arithmetic operations like addition, subtraction, multiplication, and division.
2. UI requirement of this app are:
  - a. Make a WebDev Application, use React.
  - b. Use color palette, anything would suffice,
  - c. The shape and UI should follow conventional calculator design
